ENERGY COFFEESHOP

MENU

ENERGY HISTORY Did you know The Bulldog Energy was the 2nd smartshop in The Netherlands? They used to sell all kinds of psychedelics like magic mushrooms and even the first energy drinks that were on the market! These products were bought in Germany and got delivered by a truck right in to our doorsteps. The psychedelics in combination with the deep-house music and black light paintings by Roy Inca on the ceiling made visiting an one of a kind experience. Now many years later, the Energy is a favourite for many thanks to their special interior, up-tempo music and good vibes.
